Gunn Fulwani

Nagpur, Maharashtra — fulwanigunn06@gmail.com — gunn-fulwani — gunn0067

Objective

B.Tech Computer Science student at SIT Nagpur with a strong interest in data science, statistical analysis, and Python-based development. Experienced in translating raw data into actionable insights through analysis and visualization. Seeking opportunities in data analysis or software development roles.

Education

Symbiosis Institute of Technology, Nagpur **2024 – 2028**
B.Tech in Computer Science *CGPA:* **7.7** *Nagpur, Maharashtra*

Technical Skills

Languages: Python, HTML, CSS, JavaScript (Beginner), Java (Learning)

Tools: VS Code, Git, GitHub, Google Colab, Jupyter Notebook

Technologies: Data Analysis, Data Visualization, REST APIs, Pandas, Matplotlib, Seaborn, Exa API

Coursework: Data Structures, Algorithms, DBMS, Operating Systems, OOP

Experience

Kelicalix Technologies **May 2026 – June 2026**
Marketing & Growth Intern *Remote*

- Managed end-to-end content strategy and execution across **5 social media profiles** — Kelicalix's Instagram, X, and LinkedIn plus both co-founders' personal X and LinkedIn accounts — producing **150+ creatives**.
- Designed and executed 14-day X content calendars for 2 founder profiles, crafting distinct brand voices; built Instagram content calendar with sourced and edited short-form video (Pexels, Pixabay, Kling AI, Ideogram AI, InShot).
- Conducted competitive research across 5 platforms (BeReal, Clubhouse, Robinhood, Duolingo, Strava) to shape go-to-market content strategy.
- Defined brand identity guidelines and content compliance standards (tone, factual accuracy, messaging consistency) across all channels.
- Developed organic community engagement strategy for Reddit outreach (r/founder, r/startups, r/digitalminimalism) and set up content scheduling workflow using native platform schedulers and Buffer.

Virtual Experience

Deloitte **July 2025**
Data Analytics Job Simulation — Forage *Remote*
– Analyzed datasets to derive actionable business insights; simulated real-world analyst workflows within Deloitte's forensic division.

JPMorgan Chase & Co. **July – Aug 2025**
Software Engineering Job Simulation — Forage *Remote*
– Worked on **Kafka integration, REST API development**, H2 database integration, and backend controller design.

Accenture UK **July – Aug 2025**
Developer and Technology Job Simulation — Forage *Remote*
– Covered **SDLC, Agile & Waterfall**, STLC, algorithmic thinking, and enterprise software development practices.

Projects

Indian Market Data Analysis: SIP, Equity & Crypto Comparison | *Python, Pandas, Matplotlib, Seaborn* **2026**
– Analyzed 5 years of Indian market data (Nifty 50, Bitcoin) to compare SIP returns and volatility across asset classes.
– Conducted COVID drawdown and sector-wise recovery analysis (IT, Auto, Pharma, Banking, FMCG).

Personal Expense Analyzer | *Python, Pandas, Matplotlib, Seaborn* **2025**
– Built a finance analysis tool tracking **8+ expense categories**; generated bar charts, pie charts, and line plots.
– Identified high-spending categories (>30% contribution) and produced automated cost-optimization recommendations.

Custom Search Engine | *Python, Exa API* **2025**
– Built a **keyword-based search engine** using Exa API with domain-specific filtering and a clean CLI interface.
– Implemented configurable domain filtering to restrict results to targeted sources for improved precision.

Extracurricular

Communication and Media Cell, SIT Nagpur **2026 – Present**
Lead *Nagpur, Maharashtra*
– Appoint and lead a team to cover all major college events; own end-to-end **event planning and execution**.
– Design social media collages and write captions for event coverage; maintain **data documentation** of event records.

Branding Club, SIT Nagpur **2024 – 2026**
Co-Lead Designer *Nagpur, Maharashtra*
– Overseeing visual identity and branding strategy; led design for **Enthusia 5.0** — SIT Nagpur's flagship Tech & Cultural Fest.

Certifications

- Python with Red Hat (AD141) Intro to Data Science — Infosys DSA using Python — Infosys Springboard
- Deloitte Technology Job Simulation Deloitte Data Analytics Job Simulation JPMorgan Chase Software Engineering Simulation
- Python Programming — Microsoft & NSDC Accenture Developer & Technology Simulation Business Analytics Workshop — Techfest, IIT Bombay
